

## Deliverables for Eligibility Assessment

The process for eligibility assessment contains several additive components. Applicants have to submit relevant proofs and documents by the prescribed deadline, if applicable. All of the points mentioned below are optional, but all count towards your eligibility assessment. Late submissions and claims without proof are not considered in the process. The process is based on the: *“Regulations to conduct an eligibility assessment process for the Master study programs Data and Knowledge Engineering and Digital Engineering 07.04.2021”*
