Applying in Germany

Content

The presentation aims at students who are interested in working in Germany. Topics include job search, development of contacts, application (cover letter, CV, attachments, picture) as well as some information about the workings of the German job market. Cures to common problems like lacking language skills and finding an internship will be part of a presentation that combines career service expertise and a commercially focused recruiter's perspective.

About the speaker

Dr. Christian Genz is partner and HR consultant at KATO Personalberatung in Chemnitz. Previously, he headed both the Center for Knowledge and Technology Transfer and the Career Service at Technische Universität Chemnitz, where he gathered expert knowledge in supporting the job entry of international graduates.
