EXCOURSE: MODULAR HANDBOOKS

- Some degrees have a fully stocked LSF curricula timetable
- Others barely have any classes listed there
- If that is the case for you: time to look up your modular handbook!
- Google „OVGU Modulhandbuch“ or alternatively:

(Directs to overview of modular Handbooks of all degree programmes)

A screenshot of the OVGU Modulhandbücher website. The header features the university logo and navigation links. A red rounded rectangle highlights the 'Modulhandbücher' section, which contains a list of links for different degree levels. A line from a 'Choose yours' callout points to the 'Bachelor - Studiengänge' link.
